

# CAMERA CAR - TYPE TWO

## CAMERA CAR

### WHITES SPECIALTY EQUIPMENT

Whites has one of the most versatile camera cars in the world. It is custom built with a long wheel base, powered by a F-550 6.8L overhead cam V-10. Incorporated in its design is a self leveling air ride suspension, in cab adjustable air shock system, Clear Com communication system, super quiet, environmentally friendly 500 Amp 60kW crystal sync (single or three phase) double blimped 52db at 20' generator, and a 1800 Watt true sine wave inverter. There are four shooting platforms, camera rails, four way leveling heads and wide assortment of speed rail fittings and rigging hardware/options.
