

MINI MOTE

REMOTE HEADS

WHITES SPECIALTY EQUIPMENT

The Mini Mote is truly a tried and tested 2 axis remote head. It has been a go to for film and broadcast use for many years. The Mini Mote is available with either wheels or single operator broadcast controller. This system is also modular so that it can be made longer for larger packages and has a side brace when necessary for heavy cameras. Proprietary motor drivers and integrated digital zoom control for ENG style camera make it a go to for broadcast work. It's reliability is unparalleled and ease of use make it preferred robo for operators.

Mini Mote Features

- modular 2 axis remote head
- wheels or broadcast desk
- triax slippings for ENG camera control
- serial link for extended cable range
- continuous 360 in both axis
- small and extremel powerful
