GIZMO PRIME

REMOTE HEADS

The Gizmo Prime provides excellent stabilization in an easily adjustable frame. The Gizmo can be swapped from 2-3 axis modes in minutes with simple slider. These simple slide adjustments also allow for perfect balance in the pan and tilt axis in two axis mode. The custom zero backlash motors deliver exceptional stabilization performance and precise response to operator inputs.

Gizmo Quick Specs

Two Axis Weight	13.5 kg
Two Axis w/side arm Weight	15.5 kg
Three Axis Weight	19 kg
Max payload	35 kg

Gizmo Features

- flexible 2 and 3 axis format
- full stabilization and vertical referencing
