

STRAIGHT SHOOTER

JIB ARMS

WHITES SPECIALTY EQUIPMENT

The Straight Shooter features a proprietary linear "slider". This provides 24" of camera positioning, requiring nothing more than a feather light touch. With the use of the slider, the jib arm is adjustable from 53" to 77" in length. The Straight Shooter is one piece and is ready for camera right out of the case. It weighs 100lbs and is capable of a 100lbs payload. Standard barbell weights are supplied.
