The Hot Dog and Hy Hy dollies are excellent, secure bases for the wide range of jib arms offered at WFW: Aerocrane, Advanta-jib, Porta-jib, Straight Shooter, Tele-jib, Meerkat and CG10. Either dolly can be adapted with either Euro or Mitchell mounts. The Hot Dog Dolly is a smaller, lighter base with adjustable wheels for crab, two wheel steering or "free wheeling". The Hy Hy Dolly based on the Chapman Hybrid has pivoting wheels to widen the base while providing crab and two wheeled steering.
