

# MOVIEBIRD 17

## CRANES

### WHITES SPECIALTY EQUIPMENT

The Moviebird 17 is the smallest articulating crane in the Moviebird line up. It features a patented belt drive system for safety and smooth operation. The Moviebird 17 can fit into small sets due to its adjustable base and short back end. The crane can be mounted onto a Hy Hy or equivalent with a simple mitchell adapter. This cranes length and light-weight nature also make it an option for camera car applications.

### Moviebird 17 Quick Specs

Max. lens height	17'7"	5.4m
Max. overall length	23"	7m
Max. reach from fulcrum	16'4"	5m
Min. overall length	12'3"	3m
Min. reach from fulcrum	5'4"	1.4m
Telescopic travel	11'8"	3.6m
Telescope speed	1.2m/sec	3.9ft/s
Length of base	4'7"	1.65m
Width of base	4'11"	1.45m
Max. height at fulcrum	7'6"	2.3m
Min. height at fulcrum	6'3"	1.9m
Weight (w/counterweights)	1675lbs	760kg
