MOVIEBIRD 45

CRANES

The Moviebird 45 is a solid choice when you need that extra reach. The 45 is ideally a 35' crane with traditional nose weight capacities but when that extra is required the 45 can get you there. The 45 uses the same small foot print dolly base as the 30. As with all Moviebird cranes it features a patented belt drive system for safety and ultra smooth operation.

Moviebird 45 Quick Specs
