

CLEAN. RELIABLE.

Whether you're powering film sets, farmers' markets, special events, RVs, or construction sites, the MovieQuiet ECO26 will quickly become an indispensable piece of your power arsenal. Built to Valid's rigorous standards, the MovieQuiet ECO26 is a rugged piece of equipment that provides quiet, green power. A 26-kWh lithium-ion battery provides virtually silent power that is easily rechargeable – just plug it in. The cart can be fully charged in as little as five hours. Output connectors include two 20A hospital-grade receptacles, one 30A hospital grade twist lock, one 50A twist lock, one 50A joy connector, and four USB charge ports. The sturdy powder coated enclosure is 3R rated for weather resistance, and there are multiple trailer options available upon request.

SPECIFICATIONS

Nominal capacity	33.2 kWh
Usable capacity	26.4 kWh
Operating temperature	-20°C to +50°C -30°C to +50°C (w/ heater)
Dimensions	53.6" L x 36" W x 27.6" H
Weight	930 lbs - 421 kg

DISTRIBUTION PANEL

2x	20A 120VAC hospital grade receptacles
1x	30A 120/240VAC hospital grade twist lock
1x	50A 120/240VAC twist lock
1x	50A 120VAC Joy connector
4x	USB (5A @ 5V)
1x	Charge input - 50A 240VAC twist lock inlet

OUTPUT

Nominal AC voltage	120/240VAC +/- 5%
Frequency	60 +/- 0.1Hz
5 sec surge power	1700W
Continuous rated power	8800W
Continuous current	36AAC @ 240VAC
Waveform	Pure sine wave THD < 5%

FEATURES

- High/low temperature protection
- Overcharge/over discharge protection
- Resettable output breakers
- IP64 connectors
- 3R weather-resistant enclosure
- Multiple trailer options & forklift pockets
- < 5 hour charge time
- Battery heater for full capacity operation down to -20°C, discharge to -30°C
- Local area wireless monitoring, web-based remote monitoring
